

Outreach Programs Update

Amanda Gauldin | *Project Manager*

The background is a dark blue field with a faint, repeating pattern of stylized leaves and branches. On the right side, there are several large, overlapping, semi-transparent shapes in bright colors: a yellow shape at the top, a cyan shape below it, a pink shape to the right, a green circle at the bottom right, and an orange shape at the bottom left. A thick yellow horizontal line runs across the middle of the image, framing the text.

ARIN Fellowship Program

Nearly 230 participants since launch in 2009

Participants must reside in the ARIN region

The Fellowship Selection Committee reviews all eligible applications

Fellows attend virtual sessions and the ARIN 53 Meeting Orientation, and participate in the Public Policy and Members Meeting

Provides Fellows with extensive knowledge about the work of ARIN, Internet number resource policy, and more

Fellows receive mentorship from members of the ARIN Advisory Council and/or the ARIN community

And now...
Meet the ARIN 53 Fellows!

What We Do

Pre-recordings:

Overview of ARIN

Overview of Internet
Number Resources

Welcome Session

Educational Content:

- The Policy Development Process
- ARIN Meetings
- ARIN Policies on the Docket for ARIN 53
- Global Internet Policy

Breakout Rooms
with Mentors for
further conversation

Applications for the ARIN 54 Fellowship Program will open in July 2024.

ARIN 54 will be held 24-25 October in Toronto, Canada.

ARIN 54 is held in conjunction with NANOG 92.

Fellows are selected for virtual or in-person participation, and the program runs for 6 weeks.

Are you interested in being a Fellow?

The background is a dark blue field with a pattern of lighter blue, semi-transparent shapes resembling leaves or petals. On the right side, there are several large, overlapping, brightly colored shapes in shades of cyan, yellow, orange, and green. A horizontal yellow line runs across the middle of the image, framing the text.

ARIN Community Grant Program

21 projects funded since 2019 with \$230,975 funds granted

The Grant Selection Committee reviews all eligible applications.

Recipients can reside outside of the ARIN region; however, the project must be applicable to those in the ARIN region.

Selected projects must improve the overall Internet industry and Internet user environment.

2023 Community Grant Recipients

"IPv6 Test Pod"

Internet2

"Open Source
RegCtl & Prefix
Ctl"

FullCtl

"NTP TCP
Services Daemon"

Network Time
Foundation

Applications for the 2024
ARIN Community Grant
Program open on
22 April

www.arin.net/grants

Projects must fit into one or more of these categories:

- Internet technical improvements
- Registry processes and technology improvements
- Informational outreach
- Research

**Do you have a project in mind
and are looking for funding?**

Want to find out more about past Grant Program recipients?

Visit the ARIN Blog at arin.net/blog and select the "Grant Program" category:

The screenshot shows the ARIN website's 'Grant Program' category page. At the top, the ARIN logo and navigation menu are visible, with an orange arrow pointing to the 'Blog' link. Below the navigation, the breadcrumb trail reads 'Home > Blog > Grant Program'. The main heading is 'Category: Grant Program', followed by a pagination control showing page 1 of 3. The featured article is titled 'Refactor and Upgrade ntpd's Extension Field Handling' by Network Time Foundation, Inc., with a '2022 ARIN Community Grant Recipient' badge. To the right, there are links for 'View Upcoming Events', 'Contribute a Guest Blog', 'Browse IPv6 Case Studies', and 'Read ARIN Bits'. Below these is a newsletter sign-up section with the text 'GET THE LATEST!' and a 'SIGN ME UP' button, which is highlighted by an orange arrow. At the bottom right, there is a 'Blog Categories' list with 'Grant Program' highlighted in yellow.

The image features a dark blue background with a pattern of lighter blue, semi-transparent abstract shapes. A horizontal yellow bar spans the width of the image, containing the text 'ARIN Outreach' in white. On the right side, there are several large, overlapping abstract shapes in bright colors: a cyan shape, a yellow shape, a pink shape, and a green circle. At the bottom, there are orange and cyan shapes.

ARIN Outreach

ARIN on the move around our Region

Outreach Goals in 2024

Build awareness of ARIN and IPv6

Participate in the Internet community

Educate attendees on the services we provide by operating an ARIN Customer Service Desk

Thank You
