

Number Services Review Committee

Review Committee Update

Jason Schiller
ARIN 39. April 2017

TL;DR; Nothing to see here

- This stuff is boring
- This stuff should be boring
- So long as the IANA operator continues to do a good job
- Please pay attention to the discussion at the end

Contents

- Who / what is the RC?
- Where are we in the bootstrapping process?
- Role of the RC
- Discussion

IANA Number Services Review Committee

- Chartered by NRO EC
- Based on CRISP team recommendations
- 15 members
- 2 community representatives from each region (voting)
- 1 RIR staff representative from each region (non-voting)

Who is the RC?

- Omo Oaiya – community representative
- Douglas Onyango – community representative
- Madhvi Gokool – staff representative

- Brajesh Jain- community representative
- Tomohiro Fujisaki – community representative
- George Kuo – staff representative

- Louie Lee- community representative
- Jason Schiller – community representative, Vice-chair
- Nate Davis – staff representative

- Nicolas Antoniello- community representative
- Edmundo Cazares- community representative
- Ernesto Majó- staff representative

- Filiz Yilmaz- community representative
- Nurani Nimpuno – community representative, Chair
- Andrew de la Haye – staff representative

Function specified in charter

- Advise the NRO EC
- Assist in the periodic review of the service level of the IANA Numbering Services provided to the Numbers Community
- Complete a yearly report on the SLA
- Seek feedback and comments on the report from the community

Function specified in charter

- Straight forward
- Leverage RIR staff representatives to generate a chart with each SLA Performance Standards Metric and measured value
- Review results
- Ensure measurement is reasonably accurate
- Add summarizing text about (non-)compliance, interesting trends, anomalies, concerns, near non-compliance
- Include community feedback and comments

Broader role

- CRISP text
 - The Review Committee will ensure community involvement
 - Meets the needs and expectations of its customers, the numbers community
- NTIA Transition assessment
 - Support and enhance the multi-stakeholder model
- How much community engagement?

RC to accept community input

- Decided we should have open communications with the community
- Have some mechanism for the community to provide input relating to the service level of the IANA Numbering Services Operations
- Email alias? Web form? work in progress
- RC operating procedures still in draft
