**Number Services Review Committee**

Review Committee Update

Jason Schiller
ARIN 40. October 2017

TL;DR; Nothing to see here

- This stuff is boring

- This stuff should be boring

- So long as the IANA operator continues to do a good job

- Please pay attention to the discussion at the end

IANA Number Services Review Committee Purpose

The Review Committee's function is to advise and assist the NRO EC in its periodic review of the service level of the IANA Numbering Services provided to the Internet Number Community.

The Review Committee is a tool for the Internet Number Community to evaluate and review performance of the IANA Numbering Services provided. Review Committee will ensure community involvement and will support and enhance the multistakeholder model in a transparent, open, and bottom up process to ensure that the number resources component of the IANA operations meets the needs and expectations of its customers, namely the Internet numbers community.

Thank You Elise!

Elise has been the face of IANA

- Vice President, IANA Services and Technical Operations
- President, Public Technical Identifiers (PTI)
- Active in our Community
- Always approachable
- Always helpful

RC Community Engagement

Review Committee members are expected to be engaged with their respective RIR communities during their term. They should communicate relevant developments relating to the Committee to their respective community, and collect feedback relevant to the IANA Numbering Services Operations from their respective community. This input will be provided to the RIRs as advice when appropriate.   These comments will be reviewed and summarized by the Review Committee and included in the IANA Numbering Services Operations Performance Report.
