# STAY ACTIVE IN ARIN!

The success of ARIN as a steward of Internet number resources depends on the participation of people like you. We rely on the community to determine policy and provide direction for the services we provide. We welcome you to your first ARIN meeting and hope you'll continue to participate. Here are some ways you can stay involved.

## Participate in Policy Development

Policy development is an open and transparent process. Anyone may submit a proposal to create or modify policy. See <https://www.arin.net/policy/> for more information, including the current Number Resource Policy Manual and the documented Policy Development Process. Be sure to subscribe to the PPML and join the discussions.

**ARIN XXV Activity:** Join us at 4:45 PM in the Grand Ballroom for the Introduction to the Policy Development Process and Open Policy Hour.

## Participate in the ARIN Consultation and Suggestion Process

The ARIN Consultation and Suggestion Process (ACSP) provides an organized and transparent method for ARIN to accept community feedback and gauge consensus regarding non-policy related issues. Submit a suggestion regarding existing or potential ARIN services or practices. Join the discussions on the Consultation mailing list and participate in the polls when requested by ARIN. For further details, visit <https://www.arin.net/participate/acsp/>.

## New Outreach Microsite: [www.teamarin.net](http://www.teamarin.net)

To increase access and visibility to ARIN's outreach efforts, we have launched an educational microsite [www.teamarin.net](http://www.teamarin.net). This site is a great information source to help you educate your organization about issues related to IPv4 depletion and IPv6 adoption. You can also find out where you can meet with ARIN staff and representatives at tradeshow and industry events – and even take advantage of free event passes when we have them! This is an educational and informational site only; all ARIN business transactions are still conducted using [www.arin.net](http://www.arin.net).

## Attend Future Public Policy and Members Meetings

Attendees may participate in ARIN's biannual Public Policy and Members Meetings either in person or virtually through webcast and remote participation.
